New York, N. Y... September 26—
Money rates governed to-day's stock market to any unwonted degree. The profession of the year, served as a reminder that the steady outflow of cash from this centre was again threatening a deficit in the small reserves of the clearing-house banks.

The opening rate to-day, 6 per cent, the distendy until the late afternoon, when it advanced 1-4, then declining and closing at 5 per cent. Time money was unchanged, but tenders were inclined to hold off by reason of the further cash losses incurred by local banks.

tribution of cotton for the cotton year 1912, which ended August 31, was the indication of the South's growth in the cotton spinning industry.

The amount of cotton used there was for the first time in the history of the industry greater than that used in all other States in any one year, and the number of active spindles operated increased almost haif a million over the number operated last year. The cotton growing States used 2.712,622 bales, against 2.655.049 bales in all others. The number of active spindles was 11.585.839, compared with 11.084.-623, in 1911.

The total supply of cotton for the cotton year 1912 amounted to the unspired over from the previous year, and 229, 276 bales imported. This total supply ply exceeded last year's by 3.699.871 bales. Of the total supply, 5.637.671 bales were used in this country, a quantity greater than ever before, and 10.681.768 bales. or more than 2.000.000 in excess of previous records, were sent abroad.
